Bluetooth speaker black friday sale

Digital Trends may gain commission when you purchase through links on our website. Yes, it's this time of year again, and the Black Friday deals have already begun. Amazon Black Friday deals have started particularly early, with everything from smart TVs to electric shavers making a sharp drop in prices before the holidays. Among these deals is the discount Sony SRS-XB12 Mini Bluetooth Speaker. The waterproof and dust-resistant speaker is a perfect travel size, offering just the right combination of acoustic power and portability - and, most importantly, it's currently marked down in half off on Amazon from \$60 to \$30. But you have to act quickly if you want to take advantage of this early Black Friday deal, as it will only last another 16 hours. The Sony SRS-XB12 Mini Bluetooth Speaker is the perfect investment for listeners on the move. Measuring to only 3 inches in diameter and 4 inches in height, the wireless speaker can easily be pierced in backpacks or fixed in limited counter space. In addition, it is equipped with a detachable conveyor belt to hang, carry or cut the speaker in your bag, making it the ideal travel companion. Fortunately, the speaker is just as durable as it is portable, built to be both waterproof and dustproof to make listening possible in any and any environment. But don't let the cut-off size of the Bluetooth mini Bluetooth speaker fool you - the sound quality still packs a noticeable punch, especially with its promise of powerful and crisp extra bass. And, if you buy two or use a friend, you can wirelessly connect the pair to achieve a more stereo sound with the simple speaker plug-in function. You don't even have to worry about running out of juice either, since they have an impressive 16-hour battery life that's easily rechargeable with the convenient USB cable that comes free with the purchase. Listening on-the-go becomes even more convenient and stress-free with the Sony SRS-XB12 Mini Bluetooth Speaker. Perfectly compact with pristine sound quality, it is the ideal wireless speaker for active and flexible listeners. And now more than ever, with the price cut in half, it's the best time to make the purchase. You could even get two for the price of one. But remember that the \$30 deal is only available on Amazon - and for a limited time - so you need to act quickly before the discount expires. We strive to help our readers find the best deals on quality products and services, and we choose what we carefully and independently cover. The prices, details and availability of the products and in this position may be subject to change at any time. Be sure to check that it is still in place before making a purchase. Digital Trends can gain commission on products purchased through our links, which supports the work we do for our readers.
